13. OPENING OF PRICE BID PART-II

a) The Price Bid Part- II will be opened after technical evaluation which will be intimated to the contractor later.

b) The result of the tenders will be communicated to the successful tenderer within 60-days from the date of opening of the tenders. If any tenderer withdraws his tender before the result of the tender is communicated to him, the earnest money deposit kept with the tender as per clause II (b)-instructions to tenders) above will be forfeited to MPM. The acceptance of the tenders will be communicated to the successful tenderer from the office of the Director (Forests), MPM, Ltd Bhadravathi by registered post acknowledgement due or by muddam and/or also by notifying the result on the notice board, which will be deemed to be the communication to the successful tenderer.

14) **VALIDITY**: The offer shall be valid for a minimum of 90-days for acceptance from the date of receipt of offer at our end.

15) SECURITY DEPOSIT AND EXECUTION OF AN AGREEMENT:-

a) Within 10-days of communication of acceptance of the tender, successful tenderers (include which expression shall unless the context otherwise requires include his heirs, executors, administrators and assignees) shall pay a security deposit as indicated in the schedule against each unit **@ Rs.10/-** per MT of the tender quantity, but not below Rs.**5,000/-** in the form of a demand draft drawn infavour of MPM Bhadravati on any scheduled bank having branch office at Bhadravati in Karnataka State, and payable at Bhadravati-577302 (and not on Ordinance Factory Ltd. Bhadravati in Maharashtra State) and sign the necessary agreement with the concerned Chief Forest Officer in the prescribed form, on a stamp paper of value of, Rs.200/- (Rs. two hundred only), which should be produced by the successful tenderer, terms of which shall be binding on the tenderer.

b) The EMD amount paid will be converted as part of the SECURITY DEPOSIT amount.

c) In the case of the successful tenderer, the amount of security deposit kept as per clause 15 (a) above will be refunded after the contract is satisfactorily completed and only after the receipt of work completion certificate issued by the concerned Chief Forest Officers This amount will not attract any interest.

d) In the event of failure to execute the agreement within the prescribed period of Ten (10) days, the EMD shall be forfeited without notice, the contract annulled and contract will be re-tendered or taken up through another agency at the risk and cost of the defaulting tenderer. Any extra expenditure and the loss incurred by the MPM in this regard shall be recoverable from the defaulting contractor. Defaulting tenderers will however, have no right over the surplus/savings, if any, which will solely accrue to MPM Ltd.,

e) The contractor shall commence the work of collection, cutting, debarking and stacking of pulpwood from Eucalyptus/Acacia/Pine in the contract area within 15-days of signing the contract agreement by taking over the area from the concerned Assistant Forest Officer of MPM Ltd., with due acknowledgement.

f) If the successful tenderer after execution of agreement fails to start the awarded work within 15 days, the security deposit amount will be forfeited by the MPM. Ltd and the contract will be terminated after giving 7-days notice in writing. And the same will be got done departmentally or through other alternative means at the risk and cost of the contractor. Extra expenditure incurred due to this change will be recovered from the contractor's Account.

16) WORK DESCRIPTION AND SPECIFICATION:-____

a) The contractor has to take over charge of the area allotted to him for working from the concerned Assistant Forest Officer of MPM Ltd before commencement of the work and hand over its charge after the expiry of contract period as detailed in the schedule with due intimation to the Chief Forest Officer.

b) Before starting the work, the contractor or agency of working should first clear and demarcate the boundary of the contract area to the extent of 6-Meters as shown on the spot by the concerned Assistant Forest Officers of the MPM Ltd., The cutting should be restricted only in the area marked and allotted for extraction.

c) The contractor at his own cost shall provide all the tools and implements required for the work.

d) Eucalyptus/Acacia/Pine trees should be felled as low as possible preferably flush to the ground and stumps should be a height of not more than 10-cms from the ground level. In case the stump exceeds 10-cms from the ground level, a penalty equivalent to the amount spent for getting the above work done will be levied. Besides, the contractor at his cost shall trim down such stumps with saw so that they do not exceed the height of 10-cms from ground level, failing which, this will be got done at the risk & cost of the contractor. Any expenditure incurred by the Mill for such works are recoverable from the bills/Security Deposit of the contractor. Further at the end of the works during handing over of the area back to the MPM Ltd the AFO will draw up a mahazar in which the quantum of pulpwood lost on account of leaving the higher stumps and/ or un-felled trees above 20-cms girth and/or felled trees not converted will be assessed and the same will be recovered from the bills/security deposit of the concerned contractor.

e) However, this penal provision will be waived for trees, which are more than 10 years in age and for Eucalyptus Coppice crop of second rotation where maintaining the stump height to 10-Cms. from the ground level would be very difficult to maintain. The contractor shall obtain a certificate from the concerned Assistant Forest Officer regarding the complete extraction of the standing trees before shifting of their labourers from the plantation. Otherwise, for every tree (above 20-cms girth) left un-extracted a penalty of Rs.50/- per tree will be recovered from the contractor.

f) For any reason, if trees available in the plantation cannot be cut because of local problems and objections by the local people, the concerned AFO, having jurisdiction over the plantation will negotiate with the local people and convince them about cutting of such trees. In case, if the AFO concerned and the CFO, are convinced that some of the trees cannot be felled due to genuine local problems an endorsement will be given to the contractor of the plantation duly indicating the species and number of trees to be retained in that plantation and no penalty will be levied for not cutting such trees for which an endorsement has been given by AFO/CFO concerned. This fact could also be indicated in the completion report of the plantation.

g) **Cutting of trees of pulpwood billets** shall be done only by crosscut saws to prevent wastage. Axe should not be used for cutting; otherwise the contractor should be penalized to the

extent of loss of pulpwood as assessed by the concerned Chief Forest Officer at highest procurement rate at gate purchase/KFDC/KSFIC.

h) **The Length of pulpwood billet** should be 1.82 Mtrs. (6 feet) for Euca/Acacia/Pine it should be debarked completely. If there is any deficiency, then debarking of such pulpwood delivered by the contractor will be got done at mill yard at the risk and cost of the contractor.

i) All the material over 4-cms (1.5") dia at the thinnest end should be converted in to pulpwood, debarked, collected, stacked and supplied to the Mysore Paper Mills Ltd., Bhadravathi from the contract areas assigned to the contractor.

j) Where it is not possible to debark for any valid reason, the pulpwood material to be supplied with bark will decided by the Director (Forests) on the report of the concerned Chief Forest Officers of MPM Ltd., such material shall be supplied with bark for which, there shall be a 30% reduction in the tendered rate and it is binding on the part of the contractor to accept such rates.

k) **The standard measurement of each stack of Acacia, Euca and Pine should be 1.82 Mtrs. X 1.00 Mtrs. X 1.26 Mtrs. = 2.293 M3. (This is reckoned as one MT).**

l) The Contractor shall work in the plantation as per Sub-coupes as decided by the CFO/AFO in charge of the Unit; viz., working in Sub-coupe-II will not be allowed until working of cutting and of Sub-coupe-I is completed. Then the transportation work should start. The work should proceed likewise in other Sub-coupes.

m) The cut material should not be stacked upon the stumps of the felled trees or upon any coppice shoots, but shall be removed immediately beyond a distance of 1 meter of every stool. The cut Euca /Acacia/Pine stumps shall be made free from the debris, lops and tops.

n) The contractor shall give serial number and length in meter for each stack of pulpwood prepared by him and such number shall be written clearly in red paint on one of the end faces of pulpwood billets in each stack.

o) The contractor shall be responsible for the safety of pulpwood collected by him, the quantity thereon till its delivery for transportation. If any loss occurs either in the areas or during the stacking in the captive plantation area, it shall be made good by the contractor as assessed by the concerned Chief Forest Officers of MPM Ltd. and approved by the Director (Forests), MPM, Bhadravati.

p) The contractor shall be present in the contract area and supervise the work personally during the currency of the contract. In case he is unable to personally supervise the work, he may appoint agent approved by the concerned Chief Forest Officer, provided the contractor shall furnish a power of attorney on stamp paper of prescribed value in his favour to represent him on his behalf to do any act which he has undertaken to do under the terms of the agreement. He or his authorized agent shall remain, present in the contract area throughout the contract period. Working in the contract area shall not be allowed in the absence of the contractor or his approval agent; either of them shall remain present in the area. The Contractor shall be solely responsible for due performance of the contract or any of the act done by his agent.

q) The contractor shall take precautionary measures not to damage or obstruct the telephone or electric lines and the poles in the plantation/forest during the period of contract.

r) The cutting of trees, their collection, debarking and stacking shall be carried out, according to the instructions or programme laid down by the Chief Forest Officer of MPM Ltd., from time to time pertaining to this contract.

s) If the progress of work in the sub-coupe is not satisfactory the Director (Forests) Bhadravathi, on the recommendation of CFO at his discretion may impose fine or he may also get the work done through other agencies at the risk and cost of the original contractor after giving 7-days notice in writing. In all such cases the decision of the Director (Forests) Bhadravathi will be final and binding on the contractor.

t) The contractor shall render monthly accounts of the pulpwood handed over for transportation from the contract area to the Assistant Forest Officer concerned before the 2nd of every month succeeding the month of cutting, collection, debarking and stacking in the following proforma:

17) WEIGHMENT:

The weighment recorded at MPM Ltd., weighbridge at Bhadravathi after its transportation from the captive plantation to the factory at Bhadtravathi shall be considered as the quantity of wood cut, collected, debarked and stacked in the captive plantation area which shall be final

and binding on the contractor for all the purposes. Payment will be arranged only for the actual quantity received.

18) SAFETY REQUIREMENTS:-

The contractor is wholly responsible for the protection of plantation against pilferage, theft, etc., from the date of execution of the agreement with MPM till he completes the work and hand over the area back to the MPM Ltd.,

19) PROTECTION FROM FIRE:

a) The contractor shall make his own arrangement for the protection of pulpwood and the standing growth from fire in the contract area. The contractor shall keep the boundary line of the contract area clear of undergrowth to a width of 6 meters and fire traced. In addition, fire tracing should be done up to a width of 5 meters along the sides of the internal roads. These works should be completed by 31st January and these fire traces should be maintained till the coupe is handed back to the MPM. Ltd., the contractor shall make his own arrangement by engaging sufficient labour on fire protection work and shall keep the fire lines cleared by frequent sweeping and cleaning and take all precautions to prevent fire in the area and protection of **Eucalyptus/Acacia/Pine** pulpwood collected.

b) Incase the contractor fails to take up the fire protection measures in time or it is found that the arrangements made by him are inadequate then, this work will be got done departmentally by the MPM at the risk and cost of the contractor. Any expenditure incurred by the Mill for such fire protection measures are recoverable from the bills/ Security Deposit of the contractor.

c) Any incident of fire in the area, the contractor will be fined equivalent to the loss sustained by the MPM Ltd., as assessed by the concerned Chief Forest Officer. Due to fire accident, if any pulpwood is burnt, the cost of pulpwood will be recovered apart from imposing fine for the said negligence as assessed by the Chief Forest Officer/Director (Forests), MPM, Bhadravati. And In case the plantation is insured, the gross loss minus insurance claim settled also will be recovered from the concerned contractor's account.

d) Fire damage will also include damage to the standing crop and the Chief Forest Officer or officers authorized by him will assess such damage and it will be recovered from the bills of the contractor/security deposit. In all such matters and in case of dispute, the decision of the Director (Forests), Bhadravati will be final.

20) PROTECTION FROM ILLICIT CUTTING:

a) During the currency of the contract, if any illicit cutting takes places in the allotted area the contractor shall be responsible to make good loss of such material as assessed by the Chief Forest Officer and the same will be recovered from his Security Deposit/concerned bills of the contractor.

b) The contractor shall not cut or damage any other natural growth other than **Eucalyptus/ Acacia/Pine.** The contractor shall take all precautions to ensure that no damage is caused to the natural tree growth standing in the plantation. In the event of any damage, the contractor shall be liable to pay the amount of damage and penalty as assessed and levied by the Chief Forest Officer/ Director (Forests), Bhadravati.

21) PREVENTION AGAINST THEFT:

During the currency of contract, the contractor shall be responsible for all the material lying in the areas. The contractor shall make arrangements for "Watch and Ward". The contractor is responsible for any theft and pilferage of any material stocked for supply.

22) PERIOD OF CONTRACT:

The period of the contract for each unit for cutting, collection, debarking and stacking of Eucalyptus/Acacia/Pine Plantation shall depend on the quantity of pulpwood available in the plantation. During rainy season as the rural roads get damaged while shifting the pulpwood, the period between from 15th June to 15th September is not considered for the work of cutting, collection, debarking and stacking of pulpwood. However, in the plantations situated next to the main road the work will be allowed. The period of contract of each plantation has been calculated as follows:

a)	No delivery from 15th June to 15th September –Target less period
b)	For first 15-days after signing the agreement-No supply & considered as target-less period
c)	Up to 300 MT – 1½ months (including target less period)
d)	301 to 1200 MT 2 months – one month for every 450 MT/part thereof
e)	1201 to 2500 MT – 2 months – one month for every 650 MT/part thereof
f)	2501 to 4000 MT – 2 months- one month for every 750 MT/part thereof.
f)	4001 MT and above – **30.06.2016.**

23) SUPPLY SCHEDULE:

a) Handing over of pulpwood for transportation is the essence of the contract. The contractor shall ensure to extract the **Eucalyptus/Acacia/Pine** pulpwood in the captive plantations assigned to them as per the schedule, that is indicated below:

a)	No delivery from 15th June to 15th September, Target less period
b)	For first 15 days after signing the agreement - No supply and considered as target less period
c)	Up to 300 MT –1½ months (including target less period)
d)	301 to 1200 MT – 2 months - one month for every 450 MT/ part thereof
e)	1201 to 2500 MT–2 months - one month for every 650 MT / part thereof
f)	2501 to 4000 MT– 2 months – one month for every 750 MT / part thereof
f)	4001 MT and above – **30.06.2016.**

As the estimated quantities mentioned in the schedule are approximate, there could be variation between this and the actually yield. On this scale, if the actual yield exceeds the estimated yield, the supply of pulpwood at a rate of 450 MT per month to be continued till the entire work is completed.

b) There will be no re-schedule of plantations, incase of successful tenderers having more than one contract, then the entire estimated quantity of pulpwood of all contract units will be limited to approximately 6000 MT. Incase of successful tenderers gets more than 6000 MT in the each tender, then L_2 tenderers will be invited to take up the plantations at L_1 rate.

c) Supply of Eucalyptus/Acacia/Pine pulpwood shall be maintained in monthly installments as per above supply schedule. Supplies will be received at the MPM round the clock (all the 24 hours)

24) **If the contractor does not arrange for supply of the pulpwood <u>in the plantation area</u> as per the schedule, the same will be got done departmentally or through other alternative means at the risk and cost of the contractor after giving 7-days notice in writing and any extra expenditure incurred due to this change will be recovered from the contractor's Account.**

25) The Director (Forests) may at his discretion, increase or decrease the quantity noted in the delivery schedule and also fix up daily/weekly/monthly targets and the contractor is bound to supply the same at the accepted rate. However the contractor has to cut, collect, debark and stack the entire quantity of pulpwood available in the awarded plantation.

26) EXTENSION OF TIME:-

a. Extension of time of one month for every 450 MT/Part thereof will be granted by the concerned Chief Forest Officer without levying any extension fee and penalty, if the actual yield realized from a plantation is more than the estimated yield.

b. Extension to the contract period will be given except under very special circumstances. If the estimated yield of Eucalyptus/Acacia/Pine pulpwood has not been delivered within the contract period or the actual yield within the extension period as in condition No.26 (a) above, then the contractor may seek extension of time with proper justification to the concerned Chief Forest Officer. In such cases on request, the Chief Forest Officer may grant extension of time for cutting, collection, debarking and stacking of the material, after imposing suitable extension fee and a penalty up to 60-days. Beyond 60-days, the Director (Forests), MPM, Bhadravathi, may grant extension of time for cutting & transportation of the material, after imposing suitable extension fee and penalty with valid justification and recommendation from the Chief Forest Officers concerned.

27) If due to any unforeseen situation like litigation/obstruction by local people and farmers results in any delay of cutting etc., which are beyond the control of the contractor, no penalty/ extension fee will be levied. And this will decided by Director (Forests) based on the report of the concerned Chief Forest Officer.

28) **If the contractor intends to have any extension of the contract period, he should submit an application to that effect to the Chief Forest Officer 15-days in advance of expiry of the original contract period.
